Serious expressions

The spotlight turns on a familiar figure who has been a part of Corona High School for many years. His friendliness and understanding has made him a friend to all. He has strengthened Corona High by his outstanding service and loyalty. Our deep gratitude and thanks goes to C. Finis Frazier and all he stands for.

Building upon the solid foundation of his predecessor, Gordon Duncan has completed his first year as senior high school principal. He has been a friend and leader to many of Corona's students. Because he has given unselfishly of his time, we dedicate the 1954 Coronal to him.

The Spirits

०३ '54!

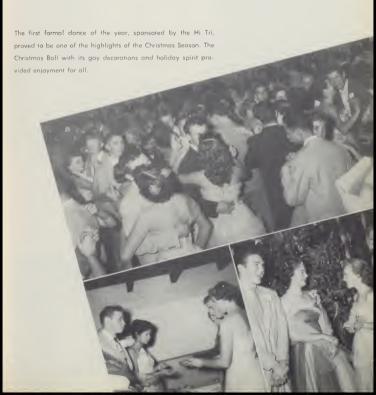

"Somewhere Over the Rainbow" enlivened many of the dreams of the couples who attended the 1954 Hi-Jinx Dance, This is always the most anticipated dance of every school year. One of Norma's dreams came true that night as she was crowned queen to reign over this annual affair.

the colorful Christmas Ball,

the drama of Lemon

Following the Lemonville plays, we danced delightfully through Sherwood Forest to the music of Ted Collins. It was here that we met Robin Hood in his enchanted world.

the unforgettable Junior Plays,

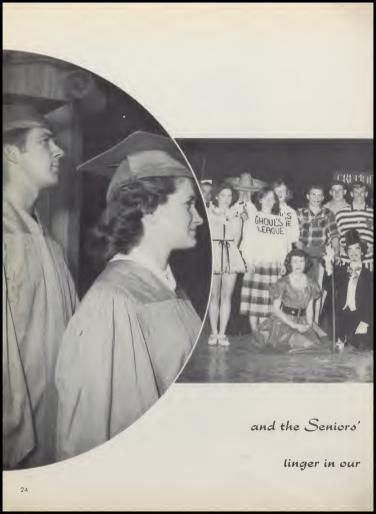

At press time the Junior plays had not been given. As shown in the pictures, the cast worked very hard on this year's play "Campus Queen." The play under the direction of Vernon Jones is a college farce in three acts. Many characters appeared in the play. The gamut ranges from fickled minded college girls to the masculine football hero, and the editor of the college newspaper.

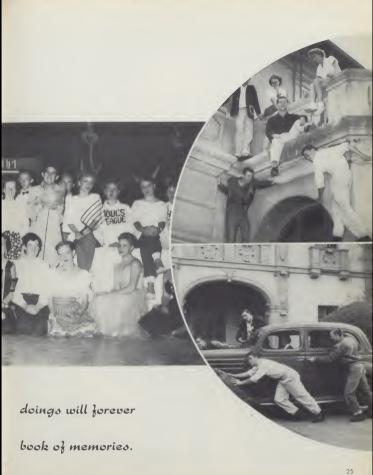

The oweetest faces on the happiest night.

The C.H.S. Band completed one of its most successful years. With a new director, Richard Becker, and smart new uniforms the Band has been rated as one of the top bands of Southern California. This year the band won a second place at the Long Beach All Western Band Review and a superior rating at the district contest in Redlands. To help promote school spirit they played at all of C.H.S.'s football games, pep rallys and home basketball games.

Ta keep up the team's morale, Corona Roaters were in attendance at all our home-and-an-the-road football and bosketball games. Many times they autonumbered the host team's roaters indicating that Corona has some of the best school spirit in the TCL as well as a few championships. Three bus-loads af rooters ance traveled over a hundred miles to Chula Vista to support our Panthers in the opening game of the C.I.F. play-offs.

The Corona Panthers continued their winning ways by posting a blistering first round of TCL play, ending up in undisputed second place. The second round of play proved less fruitful and the Panthers ended up in third place—but they had broken a precedent, and won more games than they lost, 6 wins, 4 losses in league play and an overall record of 14 wins and 10 losses—a welcome change for Corona Cage fans.

The "B" team showed potentiality, but started slow in the TCL race. However a mid season drive brought them within striking distance of the title. They dropped their last game to Bonita but ended in a deadlock with them for second position in the "B" division. Their record in league play was 6 and 4. For the season they won 12 and lost 10,

The "C" team turned in a fine record winning 5 and losing 5 in league play and 6 to 8 for the season. They ended up in third place.

Coronal Staff

This space is reserved for me as editor so that I may hand out orchids and tell you that we hope you've enjoyed the book. As a stoff we have had fun working on the CORONAL. But like every stoff there have been o few problems-such as the nice rain storms we had when we were trying to take the sports pictures. Ask Koren or George, they've suffered most with this item. The poor typists, Willie, Yvonne, and Roberta, had their difficulties too; they never could seem to read our writing. Of course our photographer, Rudy Romas, was ploqued because his flosh comera never seemed to work at the right time. When the going really got tough. Morj olways seemed to be oround to smooth things out-"Who's who at CHS"-Sal and Homer had a "crozy" time trying to figure that one out. But we were lucky enough to have an artist with an imagination on the staff; Dot did o wonderful job. But os you con see we finally made it and my heartfelt thanks goes to all of the staff and advisor, Joe Lonzarotto. They did a swell job. But now it's time to close our book-the foces of '54 ore gently foding away.
